Tajvir

Psychology and Philosophy | University of Oxford

Tajvir is a Psychology and Philosophy student at the **University of Oxford**, now in the fourth year of his four-year degree. He arrived there from Villiers High School with A-levels in Maths, Physics and Computer Science, and brings the analytical range of someone equally at home with scientific reasoning and big philosophical questions.

His experience is rooted in teaching and mentoring young people. He works as a tutor and content creator, developing engaging, audience-focused educational materials in subjects from psychology to business, and last summer he led psychology groups in person as the Summer Camp Psychology Mentor, keeping students engaged while creating a safe and welcoming environment.

As a mentor, Tajvir draws students in by helping them find their own interest in a topic, often by exploring how it applies to their lives, then encouraging them to think critically through discussion.

Interactive **Workshops**

Choose your future **with confidence**

Workshops are specifically designed to bridge the gap between educational theory and real-world execution. Students gain the opportunity to reality test their future, gain practical, portfolio-ready skills and benefit from direct networking and mentorship opportunities.*

Introduction: Psychology	Discover the fascinating world of psychology through this dynamic workshop, exploring the mind, behaviour, emotions, and human experience. Develop a deeper understanding of what shapes the way we think, feel, and interact with the world around us.
Social Psychology	Explore how humans think, behave, and interact within social groups, and discover the fascinating phenomena that emerge from group dynamics. Examine key concepts such as altruism, conformity, and social influence, while exploring how psychological theories are applied to understand group conflict and social behaviour in different contexts around the world.
Individual Psychology	Explore what makes each person unique in the way they think, behave, and experience the world. Discover key concepts such as personality, intelligence, and IQ, while examining how psychologists measure and understand individual differences. Develop critical thinking skills by evaluating psychological theories and questioning how accurately these frameworks capture human individuality.
How to Sleep	Explore the fascinating science of sleep and its impact on the brain and behaviour. Discover the neuroscience behind why we sleep and how sleep influences memory, mood, cognition, and mental wellbeing. Through research, discussion, and analysis of psychological studies, examine the mechanisms that regulate our circadian rhythms and gain a deeper understanding of why quality sleep is essential to human health and behaviour.
Audiologist - Tinnitus	Explore how psychological principles are applied in healthcare through the treatment of tinnitus. Discover how CBT and therapeutic techniques can support patients, and how anxiety, attention, and perception can influence sensory experiences. Gain insight into the mind–body connection and how psychological interventions can improve wellbeing and patient outcomes.
Experimental Research	Discover how psychologists design, conduct, and interpret experimental research to investigate human behaviour, cognition, and emotion. Explore how controlled studies are developed, while examining validity, reliability, ethics, and research design. Gain insight into how psychological research shapes theory and supports evidence-based practice.
Drug addiction from a clinical perspective	Explore the causes and effects of addiction, focusing on drug addiction through neuroscience, behavioural, and cognitive perspectives. Discover how these approaches shape our understanding and treatment of addictive behaviours.

Hear from our **Alumni**

Choose your future with **confidence**

We are very proud to say that students have a 92% success rate of getting into their first choice university. Many have come on our Career Camps to enhance their personal statement and maximise their chances of success. Don't just take our word for it, have a look at what some of our alumni thought of their experience.

★★★★★ Medicine

I really enjoyed the practical activities, we learnt suturing and did a simulated surgery. I also like that we got to talk to real doctors. I'd definitely recommend this!

98.9%

Satisfaction rate from students who have taken part in a Career Camp

★★★★★ Law 2026

The summer camps were really insightful! I attended the Law camp and learnt a lot about the profession in a practical way. We went to the Royal Courts of Justice, did a mock trial, and had some talks from lawyers.

99%

of students say they would recommend Career Camps to a friend

★★★★★ Psychology 2026

The sessions were extremely valuable and engaging. What impressed me most was how professionally the tutors managed to give each student individual attention while keeping them interested, involved and enthusiastic throughout the programme

★★★★★ Chem Eng 2026

Exposure to new clinical techniques and skills that I wouldn't have otherwise had the opportunity to experience. Our supervisor was extremely kind and engaging, and I felt she went above and beyond to make sure that we felt fulfilled and prepared after this week, whilst still making it enjoyable. I feel as if I have gained a multitude of new skills and gained advice from people that are in the position I aspire to be in eventually.

★★★★★ Finance 2026

I found the Banking and Finance work experience really useful. I got great exposure through the places our leader took us and learned a lot, despite knowing very little at the start. I'd recommend it to anyone interested in the field.
